

as valuable and perfect as its title
innovative technologies in textile transfer print

İZMİR/TURKEY

www.platintransfer.com

www.platintransfer.com

Platin Transfer Print Co. is mainly producing heat transfer products for garment industry in Turkey. Its headquarters and production facilities are located in Izmir which is the 3rd biggest city but having the 2nd largest economy in the country. Platin Transfer is well experienced in its own field with qualified workers and management team. The main products are:

- Hot fix rhinestones
- Hot fix rhinestuds
- Hot Fix Nailheads

All the other hot fix items are also available in the product range. Platin Transfer Print Co is having the capability of producing motifs for its customers. Customer designs are kept in strict confidence and secret. Company is doing production for world giant brands and it has licensee for producing H&M and Disney products. All Platin products are lead and Nickel free and meeting the demands of international standards.

Platin Transfer is also producing heat transfer papers; water based, plastic, PVC free, glitter, flocking, sublimation etc are all in the range of production.

Platin Transfer Print Co. is the producer of branded PLTN heat transfer machines. Those full automatic pneumatic machines are easy to use and under production guarantee of Platin.

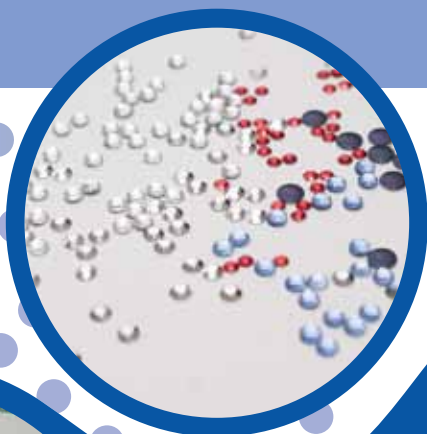

Platin Transfer Print Co's trade department is distributing laser cutting machines with various kinds. The same department also gives service for garment accessories by means of its China Office with products such as chains, broche, rivets, sew Stones, acrylic and epoxy accessories.

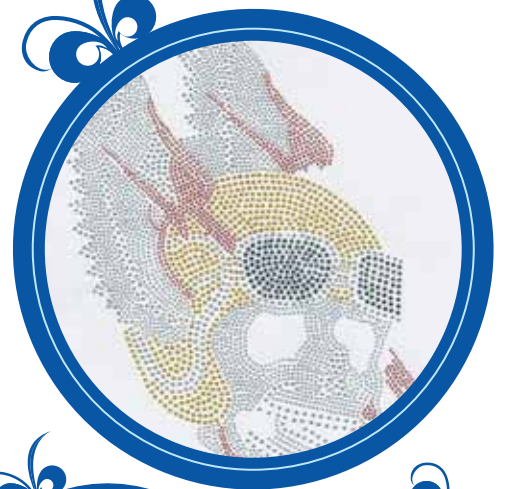

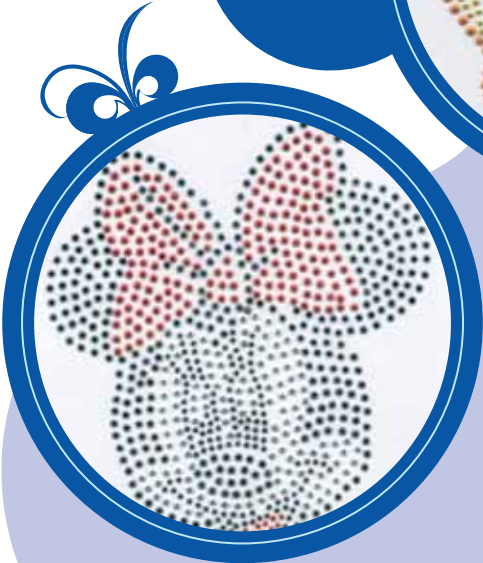

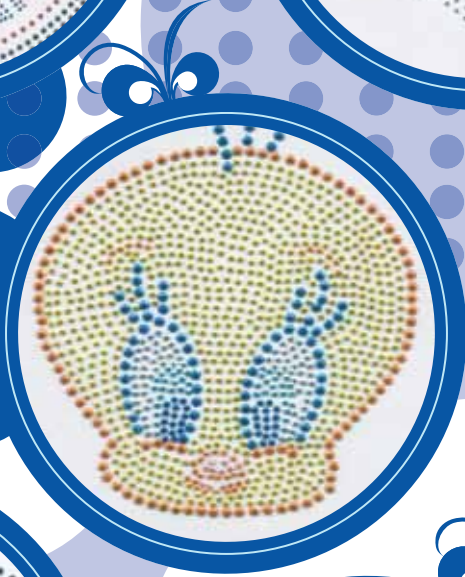

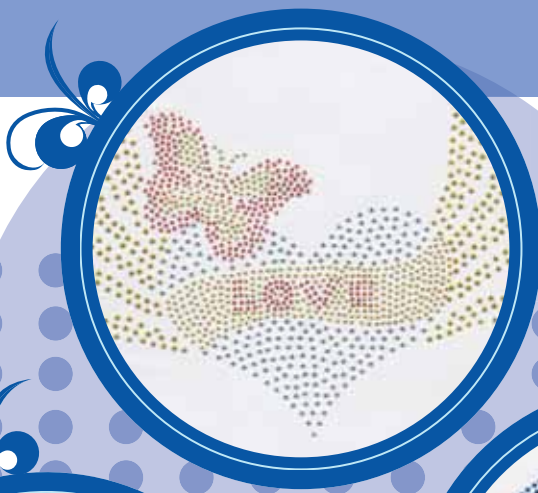

Platin Transfer Print Co. is having the biggest production capacity in Izmir; its not only giving service to Turkish domestic customers but also exports its products to European Union countries such as Italy, Portugal, France, Latvia, Romania, Greece and other European countries like Russia, Serbia, Ukraine. Other export markets are North African Countries and Central Asia (Former Soviet Union) Countries. Our Company is giving very fast service during sample production stage and due to its huge capacity; delivery terms are very fast without quality problems.

Platin Transfer's business expansion department is able to build up turnkey transfer facilities upon demand.

Platin Transfer wishes to be your contact point and business partner for your needs of heat transfer products in Turkey with its dynamic team.

PLATIN = INNOVATIVE TECHNOLOGIES IN TRANSFER PRINT

PLTN HEAT TRANSFER PRESS MACHINES

Height x Width x Depth
153 x 128 x 73cm
Weight 270 Kg

- * External compressed air connection
- * 200 pieces \hour capacity
- * Changable press heads 40x40 - 30x30 - 20x20 cm
- * 380v - 220v electricity input
- * Automatic movement of press heads
- * Temperature , time , pressure , adjustment buttons
- * Counter
- * Made by Platin in TURKEY
